"Bluestone Application"

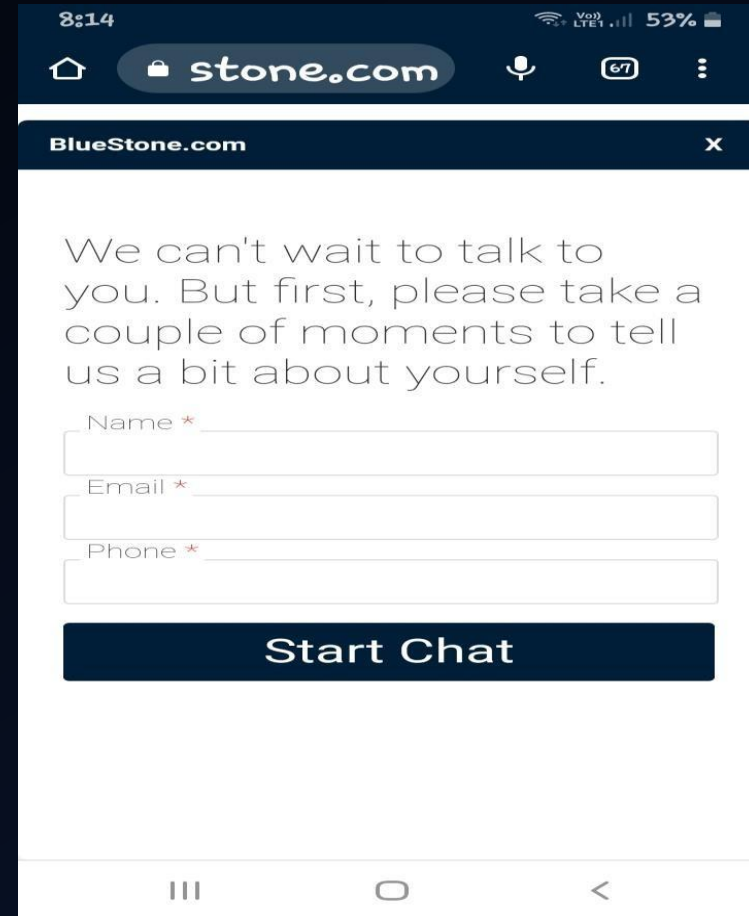

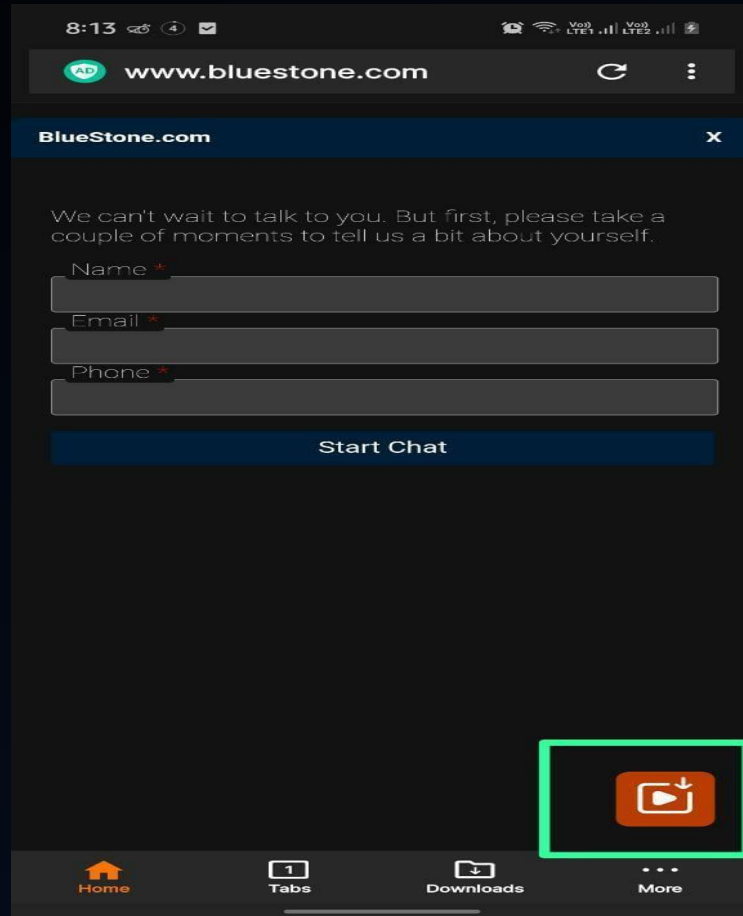

- Bluestone is a jewelry shopping app, where in we can shop all jewelry items online and can also get jewelry guide and various other benefits.
- Easily swipe and browse through 6000+ jewelry designs, in gold, diamonds and gemstones!
- More shopping, less effort: Our sort and filter options will help you refine your search and find the right jewelry based on popularity, discount, prices, metal, prices, personality, design, shape, etc.
- One Style, many designs: Easily browse jewelry that's similar to the one you love - in design, color, etc. with our "Similar Products" feature.
